Press release

No IPO planned by Ceyoniq

In light of recent media reports regarding the planned initial public offering ("IPO") of a Company Nscale Operations US, LLC in the United States, we have received inquiries from our customers and former employees. These inquiries have prompted us to clarify the following circumstances:

The reports referred to the above do not concern our company and therefore do not relate to our long-established nscale brand, our product or our services.

Ceyoniq Technology GmbH is no planning an IPO.

Ceyoniq is a reliable and innovative partner for businesses and public administrations, providing intelligent, cross-industry software solutions in the fields of Document Management Systems (DMS) and Enterprise Content Management (ECM). At the heart of these solutions is the ECM system nscale, which drives the flow of information throughout the entire organization.

Ceyoniq Technology GmbH is a subsidiary of Kyocera Document Solutions Inc.
